Under the 'Average Cost Method', it is assumed that the cost of inventory is based on the average cost of the goods available for sale during the period.

Average cost method - Wikipedia

Maybe they shouldnâ€™t charge ridiculous prices for books. Screwing over students, making one small revision so they can resell the new edition for full price.

Inventory (American English) or stock (British English) is the goods and materials that a business holds for the ultimate goal of resale (or repair).. Inventory management is a discipline primarily about specifying the shape and placement of stocked goods. It is required at different locations within a facility or within many locations of a supply network to precede the regular and planned ...
