An archive is an accumulation of historical records or the physical place they are located. Archives contain primary source documents that have accumulated over the course of an individual or organization's lifetime, and are kept to show the function of that person or organization. Professional archivists and historians generally understand archives to be records that have been naturally and ...

Early Bronze Age in Poland begun around 2400 BC, while the Iron Age commenced in approximately 750 BC. During this time, the Lusatian culture, spanning both the Bronze and Iron Ages, became particularly prominent. The most famous archaeological find from the prehistory and protohistory of Poland is the Biskupin fortified settlement (now reconstructed as an open-air museum), dating from the ...
