

country hits 90s pdf

Country pop is a fusion genre of country music and pop music that was developed by members of the country genre out of a desire to reach a larger, mainstream audience. By producing country songs that employed many styles and sounds found in pop music, the country music industry was effective in gaining new listeners without alienating its traditional country audience.

Country pop - Wikipedia

Popular music in the 1990s saw the continuation of teen pop and dance-pop trends which had emerged in the 1970s and 1980s. Furthermore, hip hop grew and continued to be highly successful in the decade, with the continuation of the genre's golden age. Aside from rap, reggae, contemporary R&B and urban music in general remained extremely popular throughout the decade; urban music in the late ...
