The second objective of the present study is to explore how MNEs balance their global work culture with the local national characteristics of their diverse work force. ... or a shared knowledge structure that results in decreased variability in values and ...

### **Chapter 17: The Culture of Global Organizations**

The global good is taken into account, as long as the "global"™ that is being referred to means the dominant culture. This creates what is known as a mono-culture " one ideology, one culture and a homogeneous pool where society resides (Smith, 2000).
