Comment (computer programming), explanatory text or information embedded in the source code of a computer program Comment programming, a software development technique based on the regular use of comment tags; Law. Public comment, a term used by various U.S. government agencies, referring to comments invited regarding a report or proposal; Short scholarly papers written by members ...

Comment - Wikipedia

A balaclava, also known as a balaclava helmet, is a form of cloth headgear designed to expose only part of the face. Depending on style and how it is worn, only the eyes, mouth and nose, or just the front of the face are unprotected. Versions with a full face opening may be rolled into a hat to cover the crown of the head or folded down as a collar around the neck.

Balaclava (clothing) - Wikipedia

I ordered this because it is a model from the pre-buy+out of the company (that resulted in sub-standard products afterwards). The seller sent everything that originally came with it, including the water bottle and instructions.
