Connection to home economics. In addition to its links to other disciplines, human ecology has a strong historical linkage to the field of home economics through the work of Ellen Swallow Richards, among others. However, as early as the 1960s, a number of universities began to rename home economics departments, schools,...

Human ecology - Wikipedia

Human Ecology. Human ecology can refer to a variety of disciplinary subfields or to the interdisciplinary project to systematically study human–environment relations; it may include research that has been or may be labeled differently (e.g., as cultural ecology). Ongoing research includes study of the major episodes and transformations...
