This contains DOE supplemental guidance to the Instructions for Implementing Executive Order 13423 dated January 2008. This document provides clarification and guidance to achieve the water reduction goals of section 2(c) of Executive Order 13423 and the Instructions for Implementing Executive Order 13423, dated March 29, 2007.

FedCenter - EO 13423 (Archive) - revoked by EO 13693 on

Overview. According to a study by RAND Health, the U.S. healthcare system could save more than \$81 billion annually, reduce adverse healthcare events, and improve the quality of care if health information technology (HIT) is widely adopted. The most immediate barrier to widespread adoption of technology is cost despite the patient benefit from better health, and payer benefit from lower costs.

Patient safety - Wikipedia

This handbook is intended to introduce transportation practitioners to a method of integrating ecological interests into transportation planning to address natural resource conservation and restoration priorities at a regional scale, and to establish a more reliable and efficient delivery program for projects with partner agencies.
