I am flattered that the author of a new chicken book called Henhouse has turned my humble coop-building instructions into this amazing infographic and posted it on Visual.ly. This is a slightly simplified version of our coop, with no "chicken Guantanamo" cage underneath, or aviary around it. But after many years of use, this design has served us well and we still heartily endorse it for ...

Mosquito traps are an effective solution to safely eliminate mosquitoes from your yard. These traps lure mosquitoes by releasing a steady stream of carbon dioxide, moisture and heat. Once inside, mosquitoes are killed. These traps go to work right away, but it takes up to a month to break the mosquito breeding cycle.

NIMBY (an acronym for the phrase "Not In My Back Yard"), or Nimby, is a characterization of opposition by residents to a proposed development in their local area. It often carries the connotation that such residents are only opposing the development because it is close to them, and that they would tolerate or support it if it was built further away.
