The "early years"™ is a crucial period for the prevention of childhood obesity. Health services are well placed to deliver preventive programs to families, however, they usually rely on voluntary attendance, which is challenging given low parental engagement. This study explored factors influencing engagement in the Infant Program: a group-based obesity prevention program facilitated by ...

Zella Said Purple . New Influences on Wall Displays. There are several early childhood philosophies that seem to be influencing current changes. In Montessori classrooms teachers create what is known as "the prepared environment" with open spaces and accessible learning materials, often in open shelving.. Reggio Emilia educators see the environment as the "third teacher" and ...

Factors that Influence Children's Social and Emotional Development. Many factors may affect the way children express their social skills or emotional competencies or the rate at which children acquire social skills or emotional competencies.

Factors that Influence Children's Social and Emotional

Youth is the time of life when one is young, and often means the time between childhood and adulthood (). It is also defined as "the appearance, freshness, vigor, spirit, etc., characteristic of one who is young". Its definitions of a specific age range varies, as youth is not defined chronologically as a stage that can be tied to specific age ranges; nor can its end point be linked to ...
