Eyewitness memory is a person's episodic memory for a crime or other dramatic event that he or she has witnessed. Eyewitness testimony is often relied upon in the judicial system. It can also refer to an individual's memory for a face, where they are required to remember the face of their perpetrator, for example. However, the accuracy of eyewitness memories is sometimes questioned because ...

LDS apologists think that only coincidences in their favor are more than coincidences. There are of course many other coincidences with more substance behind them such as the parallels between the View of The Hebrews and the Book of Mormon for example that they summarily dismiss as just a coincidence because those coincidences are damaging to the Joseph Smith story.
