The science policy of the United States is the responsibility of many organizations throughout the federal government. Much of the large-scale policy is made through the legislative budget process of enacting the yearly federal budget, although there are other legislative issues that directly involve science, such as energy policy, climate change, and stem cell research.

for which the interior solution consists of choosing a labor allocation that equates the marginal gains from investment in the village and outside-of-the-village plots given the productive and protective impacts of labor (see Appendix A-4).. Because the PFR program aimed only to formalize parcels within village borders, we next consider the impact of an improvement in R V while keeping R O ...

Formalization without certification? Experimental evidence

After 2006, FDI inflows into South Africa started rising again. These dynamics correspond to the global commodities price boom, which took place between 2006 and 2009 (WÃ¶ckel and Sing, 2013). According to Bezuidenhout (2009), FDI that is directed at a certain commodity, as is the case of South Africa, might have limited or even a negative effect on economic growth, due to weak linkages and ...
