Methods: Nio's projects are compared with Jencks's phenomenology of iconic architecture (Jencks The iconic build-ing: Rizzoli New York, 2005), in order to demonstrate the importance and peculiarity of Nio's work within the context of Iconic Architecture and the Superdutch period, and the extent to which his work can be considered different.

Disquieting presences: the ambiguity and indeterminacy of

architects. Over the past decade, following the example of Koolhaas, more and more Dutch designers have extended their horizons. In his book, SuperDutch,¹ architecture critic Bart Lootsma described the rise of a "new guard", a group of radical architects. They attracted international attention by combining a typically
